# M.S. AMADEUS PRINCESS

## 81 DELUXE STATEROOMS AND SUITES

Scheduled for launching in 2006, the deluxe M.S. AMADEUS PRINCESS will be one of the finest vessels to ply the waterways of Central Europe. Deluxe accommodations and personalized service are perfectly complemented by sleek lines, impeccable construction and state-of-the-art technology.

All 81 tastefully appointed staterooms are outside and, at a standard 160 square feet, more spacious than those typically found on river ships. Staterooms feature two twin beds (convertible to one double bed), private bathroom facilities with shower, air conditioning, telephone, television and writing desk; cabins on the Mozart and Strauss Decks feature a panoramic window with French balcony. The two 236-square-foot suites are equipped with a lounge area, sofa bed and minibar.

Meals are served in a single, open seating in the restaurant, where guests savor gourmet Continental cuisine while enjoying views of the passing landscape. The ship has two bars, one featuring nightly musical entertainment; sun deck with lounge chairs and walking track; hair salon; boutique; fitness center with masseuse services; and small pool.

The M.S. AMADEUS PRINCESS' experienced Austrian crew affords participants an unmatched level of service distinguished by professionalism, efficiency and personal attention. The ship also meets the highest international safety and environmental standards.
