

# VENTUS AUSTRALIS

## Captivating Cruising

Explore the wonders of the Patagonian fjords with Australis, a Chilean Expedition Cruises company that, since 1990, has been touring the main attractions of Tierra del Fuego, the Strait of Magellan, the Beagle Channel and Cape Horn. Come and discover an impressive geography, marked by imposing glaciers, native forests and exotic flora and fauna, while sailing through seascapes of incomparable beauty. **Ventus Australis** was specially designed to access the most remote corners of the Strait of Magellan, where larger vessels cannot navigate.

**Ventus Australis** sails through one of the few uninhabited areas of the planet, promoting exclusive, non-invasive tourism, with expert guides, trained to inform and instruct our guests on a scientific basis. A unique experience, which combines premium all-inclusive service, the best standards in hospitality and fascinating field expeditions, all based on an operation that prioritizes, above all, sustainability and safety.

## Sustainability

We know that the appeal of our route depends on its preservation. Knowing landscapes that have remained intact for centuries is a luxury, and our commitment is to make every effort to keep them that way. Guided by international standards and motivated by a deep respect for the environment, we implement and promote a series of measures and behaviors on board to care for the environment in which we sail.

### Unparalleled Service

The passion of our expedition guides and the warmth and friendliness of our crew give the voyage a unique atmosphere that stands out as one of the great hallmarks of the Australis experience.

### Safety

The safety on board and during excursions is a priority at every moment of our operation. That is why we are governed by the highest standards in terms of infrastructure and equipment, as well as implementing strict protocols that safeguard the safety of passengers and crew members. To ensure that all these protocols are properly complied with, we carry out periodic audits and training of our guides and crew. We deploy information systems on board to ensure that all our passengers are properly informed and understand the conduct they must adhere to.

### Currency

The Chilean peso is the official currency on board the ship. American Express, Diners Club, MasterCard and Visa credit cards and U.S. dollars are also accepted.

The ship does not maintain a currency exchange.

### Smoking Policy

**Ventus Australis** has a nonsmoking policy. Smoking is permitted only on the ship's outer deck in designated areas.

### Medical Services

A first aid kit is available and officers are trained in basic first aid. In case of a medical emergency, passengers will be transferred to the closest city. Participants should bring a sufficient supply of required prescription medicines as they will not be available on board.
