Scylla Cruises

Scylla is a family-owned company dedicated to its traditions of high quality with a personal approach. All 30 ships in the Scylla fleet of modern river cruise liners excel in technology, design and quality. Their uniqueness lies in the Scylla touch and attention to detail—in design, construction and service. Scylla is known for their devotion not only to guests and crew but also to the environment. Refuse presses, environmentally friendly diesel engines and a biological sewage plant on most of their ships limits the environmental impact to a minimum.

About MS Viva Enjoy

The newest member of the Scylla family is the **MS Viva Enjoy**, which debuts in 2024. Guests are welcomed on board by friendly, multilingual and international crew members who take care of guests' well-being and comfort from morning til night. The ship's appointments are luxurious, yet the feeling is relaxed and easygoing. All staterooms and suites are equipped with flat screen TV, included minibar, beauty products from RITUALS®, hair dryer, safe, air conditioning and en-suite bathrooms. The upper and middle deck staterooms and suites all have French balconies.
